Apache Spark

## Application Logs
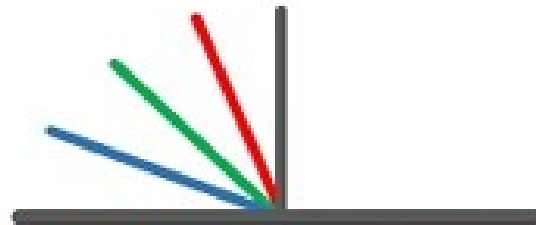

Using Log4J

1. Add log4J dependencies
2. Include a Log4J configuration file

Application Logs

YARN

spark.yarn.app.container.log.dir = /var/log/log4j/

Node A

Driver

/var/log/log4j/hello-spark.log

Node B

Executor 1

/var/log/log4j/hello-spark.log

Node C

Executor 2

/var/log/log4j/hello-spark.log

Node D

Executor 3

/var/log/log4j/hello-spark.log
